MEMO FOR: GBCF CLUB PRESIDENT/SECRETARY, GBCF

SUBJECT: GBCF CLUB HANDBOOK

This GBCF Handbook is provided and intended to be a single source reference for chapter officers, and considerable time and thought have gone into its preparation.

One of the purposes for compiling this handbook is to reduce postage expenses. Master copies of forms and other information are provided. These master copies require only photocopying or Downloading, eliminating the need for repeated mailings for GBCF.

This handbook contains copies of the GBCF Constitution and By Laws. These should be carefully read by all chapter officers both elected and appointed. There are also thoughts offered on chapter organization and officer function. These are a collection of "lessons learned" which we believe to be a valuable compilation of ideas.

The section on required reports provides a useful list of who, what, when, where and why. In this same section is a master copy of the report format that can be photocopied or downloaded when needed?

This handbook provides each chapter with the basic information needed to operate a bass club. This information will be supplemented at times by information posted on the Georgia Bass Federation Web Site (<http://www.gabassfed.org>), and by occasional meetings or Information memos.

The Board of Directors, GBCF, feels that this handbook is very important to the successful operation of your club. We suggest that the change of leadership of your club be symbolized by having the outgoing president hand the new president a copy of the Chapter Handbook.

Bass Club Organization and Functions

Is it a genuine pleasure to attend and participate in your bass club's meetings, tournaments and other functions? If your answer to this question is "no" or "not as enjoyable as it could be", your club may have some organizational problems. Such problems are common in too many clubs, but they can be easily prevented ---read on.

From experience a simple, common sense approach to the organization of a bass club has been developed. The approach is not unique but combines some tried and proven techniques which should result in a more effective and more harmonious operation of your club.

First let's look at the organization. This should be specified by the club's constitution and by-laws. The club should only have three or four elected officers --President, Vice-President, and Secretary/Treasurer or both a Secretary and Treasurer. Basically their responsibilities are the same as like officers in any club. However two important points need to be stressed. One, elect responsible, dedicated officers (the best fishermen don't necessarily make the best officer) and two; insure that the Secretary is the strongest of the strong. He is the key to the successful operation and administration of the bass club. He is the chief operating officer of the club and without his time, talent and dedication the club will founder. The other key officials of the club such as the tournament chairman, the social chairman, the ecology chairman, the program chairman, etc., and their committees should be appointed by the president with the consent of the Board of Directors. Appointments allow more flexibility than elected officials with respect to changes required when an official isn't doing his job, quits, etc.

The last, but most important fact in the organization should be the Board of Directors. This board should be comprised of the elected officers and no more than two (three if the club has both a Secretary and Treasurer) members appointed or elected from the membership at large. This will provide a board of five or seven members. The odd number is necessary because the President will only vote if there is a tie on an issue. This completes the organization.

Now let's look at the functions of the officers and appointed officials and discuss a few time-proven techniques which they can use in the operation and administration of the club. As previously mentioned, the elected officers function generally as in any other club, e.g., the President presides over the general membership meetings and other official functions and most importantly over the meetings of the Board of Directors; the Vice-President functions similarly in the absence of the President by performing special functions as directed. The Secretary (Secretary/Treasurer) accounts for the membership, formulates the agenda for meetings, prepares correspondence, handles mail, and is the club recorder/minutes keeper. In addition, he is the official keeper of the constitution and by-laws and is responsible for the fiscal bookkeeping and is the general manager of the club's monetary assets and liabilities. If property is owned, he is also normally responsible for that accounting and security.

The Board of Directors functions as the directive body which guides the general membership. The Board discusses and decides the club's courses of action on all business and other items which require decisions and do not require a vote of the general membership by the constitution and by laws. Decisions of the Board are presented to the membership and are final unless challenged by a member. If challenged, a vote of the membership decides the issue. Use of the Board avoids long,

heated membership arguments during regular meetings, thus allowing more time for pleasurable things like movies, guest speakers, etc. A word of caution for members of the Board ---considerable time and effort are required to do the job of the Board properly. If the Board doesn't conscientiously guide the club, then you're back to attempting to run the club during general membership meetings where frustration reigns.

Some other techniques to be considered by the officers of the club are as follows:

1. Provide a solid, all-encompassing Constitution and By-Laws for your club; it will save a lot of argument and confusion. Provide each member a copy.
2. Provide a full program for your club; don't just meet to draw for partners for the next tournament. Involve all members in your activities, including member's families when possible. Include an ecology program and stress good public relations.
3. Prepare an agenda for each meeting and follow it. Check in advance to see that those on the agenda are knowledgeable and prepared to provide their portion of the program.
4. Plan your club's activities on a calendar year basis and provide a fiscal plan to accommodate the planned activities. Block certain monies for specific purpose, e.g., set aside a specific percentage of the monthly tournament fees to support the "Top Six" entry fees and costs.
5. Provide a good orientation program for new members; take time to officially welcome them in meetings, provide those copies of the club's constitution and by-laws, tournament rules, etc. and explain to them the current and planned activities of the club.
6. Prepare a standard, detailed and common-sense set of rules for all club tournaments. Provide each member a copy. Stress ooze offs (no blast off) starts, wearing of PFD, use of kill switches and aerated live wells, don't kill your catch. limits of fish less than that authorized by the state, etc. Remember that your tournaments play an important role in your public relations. Suggestion---model your rules after the GBCF rules.
7. Don't price yourself out of business. Take a close look at your costs---membership dues, tournament fees, club uniforms (hats and jackets), etc. The price of joining and maintaining membership can easily become unreasonable and out of the reach of many desiring membership. Again, stress the importance of providing a sound fiscal plan mentioned in (4) above.
8. Appoint special committees to research, report on and offer recommendations on actions which require special attention and are beyond the capability, in a short period of time, of the Board or the membership to reach a valid decision.

The keys to a good bass club are proper organization and dedicated performance by officials. If your club has the right keys, membership will be an enjoyable experience for everyone.

INSTRUCTIONS

1. The CREEL CENSUS REPORT must be submitted from the GBCF Website www.gabassfed.org no later than 30 days following each chapter tournament.
2. Annotate Reports with an (X) for the first and last tournament of the year. On the report for the last tournament of the year list the total number of tournaments conducted by the club during the year.
3. Tournaments conducted on Lakes Walter F. George and West Point where the length limit for largemouth bass is 14" and all others is 12" must be carefully reported. The club must not arbitrarily change these length limits as it skews this very valuable data.
4. The reports will be forwarded to the Creel Census Report Coordinator from the GBCF Website automatically from the website.

BORROWED BOAT LETTER

A "Borrowed Boat" presents a special problem because of the difficulty to provide Liability Insurance coverage for the boat! Most liability insurance policies do NOT provide coverage on the boat if it is loaned to someone else! Also the borrower's boat liability policy normally does NOT provide coverage on the Borrowed boat. Therefore, to enter a "borrowed boat" in the TOP SIX CLASSIC or QUALIFIER, the borrower must obtain boat liability insurance for himself on the borrowed boat. Normally the best source for this short term policy is from the insurance company which provides the coverage on the borrower's own boat. This policy must describe the borrowed boat, the period and the amount of coverage. The borrower must also provide a letter (Sample Below) from the boat owner (Individual or Company) describing the boat and stating the borrower has permission to use the referenced boat for a given period of time. It is imperative that all boats used in the TSC have liability coverage. If a "borrowed boat" is to be entered the procedure outlined above must be followed. Contact the Tournament Committee with any questions.

Georgia Bass Federation, Inc
TOURNAMENT RULES and REGULATIONS
20 ____ TOP SIX CHAMPIONSHIP.

1. **Rules:** Great effort, study and research have gone into the formulation of these rules. The rules of this tournament are not subject to protest or change. Interpretation of these rules shall be left exclusively to the Tournament Committee and the Board of Directors of the Georgia Bass Federation Inc. and their decision shall be final in all matters.

2. **Participants and Eligibility:** Participation in this Tournament is open only to members of the GBCF and TBF/FLW members who are at least **16 years of age** and members of a club, with a minimum of **ten** members, in the GBCF. Proof of age to the satisfaction of tournament officials is the responsibility of prospective competitors. Each participant is required to present at registration a valid Georgia or Alabama fishing license, a current TBF AND FLW Federation Membership card, and if furnishing a boat, her/his boat registration and proof of \$300,000 of Watercraft Liability Insurance [WLI] or \$100,000 of WLI backed by a \$1 million “Umbrella” Liability Policy covering the boat and the designated operator. Only properly designated alternates shall be eligible to take the place of a participant during the tournament.

3. **Registration and Drawing:** Registration is to be accomplished by teams. **Phase I** [Document Presentation] will be from Saturday as per memo Instructions. During Phase I the team may appear as a group or the team captain may represent the team. If a team representative presents the documents, they must be **clear readable photocopies, properly highlighted.**

Phase II –

The drawing for flight order then the drawing for partners, **by flights for both days will be conducted immediately following with no break.**

4. **Sportsmanship:** Competitors in all Georgia Bass Federation tournaments are expected to follow high standards of sportsmanship, courtesy, safety and conservation. Any infraction of these fundamental sporting principles may be deemed cause for disqualification. The possession or consumption of alcoholic beverages or a “drunken” condition exhibited by any competitor due to previous consumption of drugs or alcoholic beverages during the tournament will not be tolerated and shall be cause for automatic disqualification from this and all future GBCF tournaments. Maximum courtesy must be practiced at all times, especially with regard to boating and angling in the vicinity of non-competitors who are on the tournament waters. Any act of a competitor which reflects unfavorably upon the GBCF’s effort to promote fisheries conservation, clean waters, and sportsmanship shall be reason for immediate disqualification.

5. **Pairing of Contestants:** Two contestants will be assigned to each boat. No contestants from the same Club shall be paired. Announcement of your Day 1 partner shall be made at the drawing. Your Day 2 partner will be drawn immediately after day 1 pairings are complete. It shall be the responsibility of each partner to appear at a mutually-agreed upon location in time to check out through the official check point/inspection station and be started from the release point on time. Tournament officials shall have no responsibility for finding missing partners. It is suggested that a minimum of 30 minutes be allowed for preparation, boat and equipment inspection and departure to the check-out/start point.

6. **Safety**: Safe boating conduct must be observed at all times by all tournament competitors. Each competitor is required to wear a Coast Guard approved Chest-type life preserver (PFD). This Personal Floatation Device must be worn any time the combustion engine is operating. The PFD must be strapped, snapped or zippered securely and maintained in that condition until the competitor reaches her/his fishing location and the combustion engine is shut off. **The use of “Fanny Pack” type PFD’s are prohibited.** The boat operator must have the “kill” switch attached to her/his person when the combustion engine is running. Boats shall be operated in a safe and sane manner. The non-boater partner has the right to demand safe and sane boat operation. Violations of this rule shall be reason for immediate disqualification.

7. **Pre-Tournament Practice**: No “Off-Limits” before the Pre-Practice period. During the Official Practice period, a Contestant will only be allowed to fish alone, or with another contestant, alternate, member of His/Her family, except a guide. Do NOT fish a “Draw” Tournament during this period, example would be a BFL, ABA, or open Tournament. You do not have control of who you “Draw”. Contestants cannot solicit/receive fishing info from any person other than another contestant during the Official Practice and Tournament.

8. **Tackle and Equipment**: Only artificial lures may be used. No live bait or prepared bait will be permitted with the exception of pork strips, rinds, etc. Only casting, spin casting or spinning rods, not in excess of 8 feet in length, with appropriate reels may be used. All other types are prohibited. Only one rod and reel is permitted in use at any given time, however, other rigs as specified may be in the boat ready for use. Nets may be used to land fish but **NOT** gaffs or “grippers”. **Underwater T V cameras may NOT be used during competition.**

9. **Boat and Motor**: All boats offered for use in a GBCF Tournament must meet the standards of the U S Coast Guard and the state of Georgia. All boats must be equipped with some type of Ignition “kill” Switch. **All tournament boats must be 16 feet or more in length. Horsepower of the principal power source shall be within the USCG rating as designated on the manufacturer’s rating plate (Not to exceed 250HP) and shall not be less than 75 horsepower.** Boats with “Stick Steering”, “barges” or similar cumbersome craft shall not be permitted in the tournament. Gas must be stored only in factory-installed tanks. Trolling as a method of fishing is prohibited. A competitor furnishing a boat and motor shall be expected to make that boat and motor available for tournament use by him/herself and his/her daily partner. Tournament boats must be equipped with a chair-type seat on the rear deck and a large empty compartment for the use of the non-boater partner

10. **Basic Boat Equipment**: Every boat must have all required Coast Guard safety equipment. In addition, each must have a functional bilge pump and live well space, properly aerated, to adequately maintain alive a limit catch of bass by both fishermen using the boat. Tournament officials shall have the sole responsibility for determining whether the aeration and capacity are “proper and adequate”.

11. **Boat Identification**: Each boat shall have a pair of numbered colored placards affixed, one to each side of the engine cowling only. The color identifies the flight and the number identifies the sequence within the flight.

12. **Boat Inspection**: The non-boater partner will assure her/himself that the boat

meets USCG and Georgia safety requirements, knows the location of the fire extinguisher and the bilge pump switch. The tournament committee shall inspect each boat for functional navigation lights, aeration/live well system and an ignition “kill” switch. The partners must be wearing USCG chest type PFD’s that fit and are properly fastened.

13. **Boat Operation and Expenses:** A full discussion must be held between the two partners prior to a morning departure as to schedule of boat operation and fishing locations. This schedule must permit each partner equal time to fish from the front of the boat and to operate the trolling motor. If a contestant waives these rights he/she shall nevertheless retain the right to select the fishing waters for one-half of that tournament day. Any contestant who in the judgment of the officials operates the boat in such a manner as to unfairly handicap his/her partner shall be disqualified. The boat must remain in the tournament waters during the tournament day. Contestants must leave and return to the official checkpoint by boat. Both competitors must remain in the boat at all times except in case of dire emergency. In such an emergency competitors may be removed from their boat to a boat operated by other competitors or to a rescue boat so designated by tournament officials. Partners must remain together at all times, in sight of each other and each other’s catch, under the conditions cited above, in order for their catch of the day to be scored in the tournament. The momentary condition of being out of sight for restroom break is permitted, however ALL FISHING MUST CEASE, until partners are back together. If a competitor must violate any of the above conditions due to an emergency or any other reason, his/her catch of the day shall not be counted in the tournament. Trailering of boats during tournament hours is prohibited. [In view of the expense of operating a tournament bass boat, it is suggested that the non-boater partner, as a minimum, assume the cost of gas and oil \(\\$40 min\) for the competition day unless the Boater agrees to less money. This should be paid before morning Take-Off. It is the responsibility of the Boater to collect the expense money, not the GBCF. Any Non-Boater partner not paying the expense money as agreed upon can be banned from future TSC Tournaments.](#)

14. **Permitted Fishing Locations:** Fishing on the tournament waters is permitted Anywhere **Except in designated off-limits areas or within 50 yards of a marina gas docks or within 50 yards of another competitor’s boat, regardless if the competitors boats is anchored or maneuvering.** All angling must be done from the boat. Competitors wishing to change fish habitat by placing any object in the tournament waters may do so if such action does not violate state or federal regulations. Contestants must not leave the boat to land a fish. All bass must be caught live and in a conventional sporting manner.

15. **Official Checkpoints:** **Morning** - Each contestant must be in the water with his/her partner 30 minutes prior to the scheduled inspection time for their flight. **Evening** - The boater pair must check in with the tournament committee check-in Boat no later than the check-in time announced for their flight. After proper recognition at the check-in point, competitors will proceed to the weigh-in site at a slow idle. Remain in your boat with the aerators running until you are handed an official TSC weigh bag by a tournament official; then place your fish in the bag and proceed to the weigh-in station.

16. **Scoring:** Tournament standings, auxiliary awards and final winners shall be determined by the pound and hundredths of pound of weight of each competitor’s catch during the tournament. **Big Fish weight** will be penalized .25 if the big fish is determined to be deceased. Only Largemouth, Spotted, Red Eye, Shoal, or Smallmouth bass will be weighed. The limit shall be five total of the above species. All competitors are bound by the prevailing statutes and regulations of the various states within which they fish. The Tournament Director will announce the length limits prior to the

start of the tournament. At no time shall a competitor have in her/his possession more than the limit described above. **Culling of dead fish is NOT allowed.** In the event a competitor has more than five fish in his/her possession at weigh-in the tournament officials shall cull the largest bass first down to the limit described. Fish shall be measured on a flat board on the longest straight line. Fish which fail to measure the minimum length shall accrue a penalty of one pound and all such fish shall be disallowed. This penalty shall be deducted from the total score of the competitor. Anyone attempting to alter a fish shall be subject to disqualification.

Any bass that appears to have been mangled, mashed, mauled or otherwise altered shall be weighed and credited only at the discretion of weigh-in officials. Each competitor must present his/her catch to the weigh-in officials. The weight of the catch must be certified by the signature of his/her partner of the day. Contestants must not allow any bass they catch to be counted on the score of another contestant. In such a case, both contestants shall be disqualified from this tournament. After the competitor has delivered his/her catch to the weigh master, he/she may not touch said catch until the weigh-in procedure is completed. The bass caught must not be put on any type of stringer, at any time. Individual identification markers are allowed. Competitors will transport their catch from the boat to the weigh-in line in a water filled plastic bag provided by the Dock master.

17. **Don't Kill Your Catch:** Each competitor is expected to keep their bass alive by use of a properly-aerated live well. Do **not** clip fins or otherwise physically mark the fish for identification. The few bass that do not survive will be donated to a charitable cause.

18. **Bonus Points:** For each legal bass weighed in alive the competitor shall be awarded one-tenth of a pound of weight to be scored as ordinary weight as set forth in rule 16. All live fish shall be returned to the fishing waters except for a trophy fish (minimum 8 lbs) which may be kept for mounting.

19. **Late Penalty:** Any competitor who is not at the official check-in point as described in rule 15 at the appointed time shall be penalized at the rate of one pound per minute late to be deducted from the total weight of her/his catch that day, including any weight to be counted toward a "lunker" award. Any competitor more than 15 minutes late shall lose all credit for the day's catch. There shall be no excuse for tardiness and in no case shall a competitor be allowed to make up "lost time". All fishing must cease upon check-in. It is the responsibility of the Team to get you back in case of breakdown.

20. **Ties:** In the case of a tie for any place, the contestant with the greatest number of fish, or if still tied, the greatest number of live fish shall win the place in question. If the tie is yet unbroken, the contestant with the largest weighed Bag of fish will win the place (Day 1 or Day 2). A cut of the cards will resolve any yet unbroken ties. The next place will go to the person so eliminated.

21. **Communications:** There will be no communications, visually, vocally or electronically between contestants and non-contestants or electronically between contestants, during the competition hours concerning the fishing.

22. **None of the above rules shall prohibit a properly designated tournament official from approaching or boarding any competitor's boat at any time.**

23. **Protests:** Any protest must be submitted to the tournament committee **in writing** no later than 30 minutes after the protested person has weighed in his/her fish.

Georgia Bass Federation
Tournament Committee
BOAT SAFETY INSPECTION

The Georgia Bass Federation relies on the Non-Boater Partner to insure her/himself that the assigned Tournament Boat is safe for a days fishing. The Non-Boater Partner should determine the location and condition as a minimum of the following items:

- [] **Fire Extinguisher**, Type B,C or A,B,C. Is it in the “Green”?
- [] **Bilge Pump(s)**, is the sump free of litter? Turn pump ON - Is it running?
- [] **Throwable**, Know the location!
- [] **Sounding Device**, Is it operational?

[] **Location of the Master Switch**, Bilge Pump Switch and Navigation Light Switch.
Now the boat team may proceed to the dock by flight in numerical order for the GBCF Tournament Committee to inspect the boat for the following:

- [] **Navigational Lights**, installed and operational.
- [] **Live Wells, open**, clean and the Aeration System is operational.
- [] **PFD’s [Life Vests]**, USCG Approved - Type I, II or III Fit and must be zippered, hooked, and snapped secure.

[] **Kill Switch** [Electrical Interrupt], Functional and is attached to the operator.
The Inspector will then ask the team for their flights time of return.
The boat will then idle to the designated Release Point to begin the days fishing.
Safety 2010: The GBCF is attracting many new anglers each year whose only tournament experience is weekend pick-up tournaments. We are certainly happy to see these new competitors. A few of these anglers seem unaware of our emphasis on safety. Unsafe or risky boat operation is unacceptable. **The non-boater has RIGHTS in the safe operation of the boat during the TSC. A safety point of emphasis for all competitors is the non-boater has the right and duty to tell the boater to slow down if he/she is concerned about her/his safety. This is absolute! No exceptions, NONE! This will be a point of emphasis at all GBCF Tournaments. See Rule 6.**

Boat - All boats offered for use in the competition will have a chair type seat in place on the back deck. This is an ADA requirement and the right thing to do. Exceptions may be granted in advance only by the Tournament Director. The boater will provide one large empty compartment for the use of the non-boater. **ALL BOATS PRESENTED FOR USE IN THE TOURNAMENT SHALL BE CERTIFIED BY TEAM CAPTAINS AS TOURNAMENT READY.**
